Service

I regularly review papers for ICASSP, ACM Multimedia, WASPAA, IEEE Transactions on Multimedia, IEEE/ACM Transactions on Audio, Speech, and Language Processing, ISMIR, among other conferences and journals. I helped organize the Midwest Music and Audio Day (MMAD), a workshop for research in my field at Northwestern University, in 2015 and 2017.

AI Journal Club

Founder and officer

2016 - 2019

AIJC was established to create a venue for open discussion for all topics regarding AI, fostering a sense of community among like-minded researchers at Northwestern.

CS Phd Advisory Council

Founder

2017

I helped establish CSPAC, an organization that gives PhD students a voice in decisions made in the department, a sense of ownership and responsibility for the department. CSPAC plans events and fund clubs that foster community and build a department culture.
